Mr. Thomas Malone of this city yesterday sold a pair of horses for \$500 to C. B. Wright of Morristown, O. They were fancy bob-tail bays and were beautiful.

The House Committee on Agriculture, of which Hon. S. A. Shunklin is Chairman, yesterday reported favorably the bill introduced by John W. Holland of Shelbyville, and relating to the tuberculin test for dairy cattle. This is the bill the terms of which have been agreed upon by City, County, State and Federal Health Officers and dairymen alike.

THE GREAT ROOT JUICE IS HERE
It is Predicted That Many Will Call at J. Jas. Wood & Son's Drugstore During the Demonstration

The Root Juice demonstrations started at J. James Wood & Son's Drugstore today. The scientist said: "I earnestly hope that Root Juice will do as much good in Maysville as it has at Fort Wayne and other points. It is easy to say a remedy will cure certain troubles, but we have positive proofs that Root Juice will cure rheumatism, indigestion, catarrh of the stomach, constipation, nervous weakness and most of the kidney complaints. It cures by removing or destroying germs that often infect the body and weaken and disease the digestive and secretory organs. The Juice also has a wonderful soothing, healing and tonic action on the stomach, bowels, bladder, liver and kidneys. What it has done at other points, it certainly can do in Maysville. I feel safe in predicting that in less than two weeks scores of local people will be loud in their praise of the health promoting juice." Newspaper reports indicate that many experience rapid improvement from the very start. The demonstrations will continue at J. James Wood & Son's Drugstore a few days. The Juice is sold for \$1 a bottle or three bottles for \$2.50. It has created a great sensation during the past few months on account of the many seemingly remarkable cures it has made.

WANTED.
Every member of Sedden's Forest Avenue Church to attend the preaching services tomorrow at 10:45 a. m. Subject, "Terrestrial Luminaries," and 7 p. m.; subject, "Satan's Bid for Human Souls." A cordial invitation to the public. Preaching at Stewart's Chapel at 2:30 p. m. W. H. DAVENPORT, Pastor.

THE COMING CENSUS
Army of 100,000 Interrogators Soon to March—Kentucky Will Have 1,329 of Them

An army of 100,000 Enumerators will begin taking the thirteenth decennial census on April 15th, 1910.

After about two months of careful study the experts in the Census Bureau have decided that it will require this number to do the work. Although the Enumerators are to receive only from two to four cents per capita in the cities and \$5 per day in the rural districts, their aggregate pay will amount to about \$4,000,000. This, too, despite the fact that in cities of over 5,000 population they are to be allowed only two weeks to complete their tasks and in the country districts this time is not to be extended over 30 days.

The number of Enumerators allowed each State is a sort of forecast of the estimate in the increase of population expected over the last census.

In the census of 1900, 2,934 Enumerators were employed for Ohio, while in this census 5,000 will be used.

In 1900 Indiana had 1,352, against 2,200 for 1910; West Virginia 588 in 1900, against 800 in 1910, and Kentucky, 1,329 in 1900, compared with 1,600 in 1910.

The contracts for the purchase of 100 tabulating machines and 300 counting machines for the Census Bureau are expected to result in a saving of nearly a million dollars to the Government.

FIRE FIEND CONFESSED
Man Who Burned Over Thirty Buildings in Evansville Caught at Last

At Evansville, Ind., "because he wanted to see the horses run," John Byers, a teamster, confessed, according to the announcement of the police, that he set the fire that destroyed the building of The Journal-News this week, and had caused thirty other fires in the business district.

Satisfaction of his mania, the police say, has cost property owners \$200,000.

GET TOGETHER
And Organize a Baseball Club—A First Class Team Will More Than Pay Its Way

Now that the season for the National game is approaching, the question is frequently asked, "Is Maysville to be represented in the Bluegrass League this year, or will she permit the opportunity of becoming a member of the Association pass without an effort in having organized baseball here this summer?"

If Winchester, Paris and other towns of equal wealth and population can support a ball team, there is no excuse on earth why Maysville, with its 8,000 population and adjacent territory to draw from, should not support a first class team.

If the right parties take the matter up there will be no trouble in enlisting the support of the business men in putting the enterprise on a financial footing.

There was a time, not so many years ago, when Maysville had a team of ball players that she was justly proud of. The team was a great factor in advertising the town abroad, from the fact that they put up high-class, winning ball, and was a drawing card wherever the club played.

This city is a good ball town and thousands of dollars are spent abroad in attending games that could and would be retained here providing we had the right kind of a club.

All fair, liberal-minded men are agreed that ball playing is healthful, harmless in character and free from the least baleful influences, hence with the thousands of week-day toilers Sunday ball games furnish a recreation and diversion that is denied them other than on the first day of the week.

Get together, gentlemen, and organize, let's have a club in the Bluegrass League, if possible; if not that, then the Ohio Valley League.

Cynthiana Democrat—Mrs. Clarence Lydick and three sons left Tuesday morning for Los Angeles, California, to spend the remainder of the winter. They will meet Mrs. Lydick's sister, Mrs. S. M. Myall, and later Mr. A. P. Gooding will join them.

CARRIE'S CHECK
Exhibited as Window Ad. By Washington Saloon Keeper.

Carrie Nation, the saloon smasher, went to Washington a few weeks ago and wrecked the Union Station Bar and was fined in Police Court.

She paid her attorney, Matthew E. O'Brien, by check. Mr. O'Brien cashed the check with a friend. Another friend accommodated the first friend, and a Seventh street saloon keeper obliged the second friend.

Now the saloon keeper has an advertising card out with a photographic reproduction of the check with the caption, "We Cash Carrie's checks."

Butte, Mont., January 29th—Carrie Nation, the Kansas heavyweight and Mrs. May Mallory, keeper of a dance hall, fought one round last night before a large crowd. A knockout was prevented by the spectators after Mrs. Nation had landed a vigorous right to Mrs. Mallory's jaw.

Before Carrie could defend herself, May had torn off the Kansaser's bonnet and pulled her hair. Mrs. Nation ducked a vicious left, sent a left to ribs and then landed a vigorous right to May's jaw. Then the crowd interfered and declared the fight a draw.

Millions of Lives Lost
An Awful Toll Collected by Consumption. Many Unnecessary Deaths From This Disease

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary relief.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

I have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Muc-Tone. I am so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that I promise to return every penny paid me for the medicine in every case where it fails or for any reason does not satisfy the user.

I want you to try Rexall Muc-Tone on my recommendation and guarantee. I am right here where you live, and you do not contract any obligation or risk when you try Rexall Muc-Tone on my guarantee. I have Rexall Muc-Tone in two sizes, 50 cents and \$1. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average is such instances is three \$1 bottles. Remember you can obtain Rexall Remedies in Maysville only at my store—The Rexall Store, Town of Chenoweth.

A bouncing baby boy was born to the wife of Rev. Ralph G. Finch January 27th.—Aberdeen Gretna Green.

It is reported that the Burley Tobacco Society will establish a \$30,000 redrying tobacco warehouse at Flemingsburg.

"Used her bustle as Bank and \$3,000 roll disappeared," says a daily. It never was wise to bank much on a woman's bustle.

There were no knockers in the days of Solomon. The great Temple was built without the "sound of a hammer." Nowadays it would be difficult to build a chicken coop without the sound of the hammers of the chronic knockers.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbagoes, backache, pains in the kidneys or neuritis, palis, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box R, South Lead, Ind.

About 10,000,000 bushels of coal were shipped from Pittsburgh on the last rise.

Rivermen think there will now be good packet water in the Ohio river until next spring.

While the river is at its present stage, coal boat operators are doing everything in their power to get all the coal they can out of Pittsburgh.

The Sprague has reached New Orleans with her tow. Owing to the immensity of her tow, she was unable to make as fast time as the other boats.

Captain Charles Knox, veteran in the Pittsburgh and Cincinnati trade, will take command of the steamer Virginia, which re-enters the Pittsburgh trade.

The coal famine in the South has been relieved since the ice passed out of the river, and within three weeks all traces of the coal scarcity will have disappeared. Several million bushels of coal have already been sent South, and as much more is to follow.

Beware of Quackery For Catarrh That Contains Mercury.

No mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such persons should never be used except on prescription from reputable physicians, as the damage they will do is far too great to be repaired by any of the quack remedies now so commonly advertised. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

DON'T EXPERIMENT
You Will Make No Mistake if You Follow This Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and so time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Gas Maysville residents demand further proof than that contained in the following testimonials?

Mrs. Mary C. Brass, Vanceburg, Ky., says: "I had troubles by disordered kidneys for fifteen years. My back was very lame and I suffered from a great many other symptoms of kidney trouble. Doan's Kidney Pills helped me more than anything I had previously used and I am therefore pleased to recommend this medicine to other sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other

Mr. Harley V. Wilson, a gentleman living in the Springdale neighborhood, was the lucky recipient of our Motor Buggy.

We want to candidly state that we do not believe that by giving away a Pony last year and a Motor Buggy this year increased our business a single dollar. We simply do this in appreciation of the generous patronage accorded us by our countless friends.

It's the merits of merchandise that counts nowadays. The right kind of merchandise and the right kind of prices is what the people are looking for. We have been asked already by a number of people, "What are you going to give away this year?" Our answer is: "We don't know yet, but that we are going to present something that has merit and value you may rely upon."

Beginning with our spring business we intend to keep an account of everybody's purchases, and when we have fully made up our minds what we are going to give away every purchaser will have their tickets mailed to them. Bear this in mind. Yours very truly,

ANOTHER VICTIM

John McGill Gets His While Roaming on C. and O. Viaduct

As a promenade walk for an early morning constitutional, the C. and O. viaduct over Limestone Creek bottom, from Limestone street to Bridge street railroad crossing, is not a healthy thoroughfare. Half a score of persons have already met death or serious injury while attempting to short-cut it, instead of walking around via Second and Bridge streets.

This morning's victim was John McGill, a well known Maysville street character, who eked out a precarious living in various ways, and the Lord only knows how. He resided over on Hord's Hill with his wife, who is now said to be in Cincinnati. McGill was hit by passenger train No. 17, at 8:56, at a point 200 feet East of Front and Limestone, and hurled 50 feet down the North embankment of the C. and O. into the creek bottom. The train was stopped at once and the wretched man taken aboard and carried to the C. and O. Passenger Station and Dr. Taylor, the Company's Physician, called, who found that McGill was hit on the head and received various other injuries.

Last summer Section Foreman Carrigan was knocked off the same viaduct by No. 3 and thought to have met fatal injuries, but he is well again.

P. S.—McGill at 10 o'clock was reported out and going around.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliowness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Why is a Kentucky Legislature?

It is good to see, too, that the price of milk is dropping. In the country towns the price of milk is not too high, but in the big cities, where it is beyond the reach of the poor, the aged, the infirm and the infant, a situation exists that is worse than deplorable,—it is damnable.

SPEAKING OF LOBSTERS.

"It was late. At the table next to mine a rich young Italian contractor was supping with a beautiful young girl. As the young girl played with the stem of her wine glass, I heard her murmur: " 'It is true, isn't it, that you love me, and me only?' " 'Yes,' said the young man, 'though this lobster is certainly mighty good.' "

AWFUL PAINS FULLY DESCRIBED

A Lady of Pizarro Tells Story of Awful Suffering That Cardui Finally Relieved.

Pizarro, Va.—"I suffered for several years," writes Mrs. Dorna A. Smith, "with that awful backache and the bearing down sensations, so fully described in your book.

"I tried doctors and other medicines and found little relief, until I was induced to try Wine of Cardui, when I found instant relief and today I can heartily recommend Cardui to all suffering women and think there is no other as good."

In some instances, Cardui gives instant relief; in others, it may take a little time. But in all cases of female trouble Cardui can be depended on to be of benefit, as it is a specific remedy for women and acts in a curative way on the womanly organs.

As a general tonic for women, to build up your strength, improve your appetite, bring back rosy cheeks and make you look and feel young and happy, nothing you can find will do so much for you as Cardui.

Your druggist has it.
